AMENDMENT

MAIL STOP AMENDMENT

Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Dear Sir:

This paper is being filed in response to the Office Action mailed from the Patent Office on December 20, 2007. A Petition for Extension of Time is being filed concurrently. As requested by Examiner MacFarlane in a telephone conference on June 5, 2008, a freshly-executed Power of Attorney is also attached.

The substance of the subject Amendment is a representation of arguments originally filed with the Patent Office on October 31, 2007. The Amendment filed on October 31, 2007

was not entered due to the fact that a paper filed by another law firm (also representing Applicant) had been filed in the application in an effort to provoke interference, and the filing had not been coordinated between law firms.

**Amendments to the Claims** are reflected in the listing of claims that begin on page 3 of this paper. Please amend Claims 85 and 86. This listing of claims will replace all prior versions, and listings, of claims in the application.

**Remarks/Arguments** begin on page 4 of this paper.
